Buzzard's Roost Distillery Releases New Single Barrel Rye Selected by Its Flock of Super Fans

Ambuzzadors Select Double Oak Rye Drops on Whiskey Row and Online June 14

Louisville, KY – June 9, 2025 – Buzzard's Roost Distillery will release its newest single-barrel whiskey on Saturday, June 14, specially chosen by its flock of super fans called Ambuzzadors.

Twice a year, Buzzard's Roost invites its Ambuzzadors to its distillery and tasting room on Whiskey Row for barrel picks. The group's selection is then bottled and Ambuzzadors get "first dibs" on bottles. On June 14, Buzzard's Roost will make it available to all, with a release party on Whiskey Row and online.

"We love doing barrel picks with our Ambuzzadors," says Buzzard's Roost CEO and Co-Founder Judy Hollis Jones. "We like to call this 'the peoples' whiskey,' because it was chosen by members of our own fan club."

The newest Ambuzzadors Select is a five-year-old barrel-strength rye that was double-oaked for 18 months in one of Buzzard's Roost lightly charred, custom-toasted barrels to extract the best flavors from the oak. The rye is 115-proof and retails for \$85.

In addition to barrel-pick opportunities, Ambuzzadors get other insider perks, including free shipping promotions, advance word about new releases, invitations to happy hours and tastings both at Whiskey Row and on Zoom, plus a loyalty card entitling them to a complimentary experience at Buzzard's Roost Distillery and Tasting Room with the purchase of six bottles.

"As our most loyal fans, we like to give Ambuzzadors the VIP treatment," adds Buzzard's Roost Co-founder Jason Brauner. To join the Ambuzzadors fan club, click [here](#).

About Buzzard's Roost: [Buzzard's Roost Whiskeys](#) and is an independent distiller, blender and bottler of exceptional whiskies crafted using pioneering techniques. Buzzard's Roost whiskies stand out for their exceptional flavors, which are created using a break-through approach to secondary maturation including 18-month-seasoned oak barrels for intensified flavors, and a low-char / high-toast designed to coax complex flavors from each barrel, leading to bourbon and rye whiskies that taste like no other.

Buzzard's Roost Sipping Whiskeys are available in 25 U.S. markets, [online](#) and at the Buzzard's Roost Distillery and Tasting Room at 624 W. Main Street in downtown Louisville. All Buzzard's Roost whiskies are second-barrel aged and bottled at Bardstown Bourbon Company. Buzzard's Roost is proud to be a woman-led company.
